

CHASING WHITETAILS

THE MAGIC OF HUNTING STEWART ISLAND

This book is the story of my forty year career on Stewart Island. It documents most of my hunts on visits to over 20 of the blocks, giving details of how and where I hunt along with geographical descriptions that I hope will be useful. The history of the Rakiura Hunter Camp Trust is recorded while the book also reflects my interest in the history of New Zealand whitetail and compares their progress with that of their North American cousins. *John DeLury*
